### APTB 02/06 SUBJECT: Engine Serial Number Locations ...

The engine serial number for Navistar engines can be found stamped on a pad on the block. Navistar keeps the location pretty simple. For engines that were built before 2000, that pad can be found on the left side of the block, just under the head-to-block parting line. For engines newer than that, the pad is on the right side of the block, between the oil cooler and the top of the block. For most Navistar engines that were built after 1993, you will need more than just the engine ...
